DETAILED ACTION

Claims 7, 9, 12 and 15-38 are pending in this application.

Request for Continued Examination (RCE)

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after allowance or after an Office action under *Ex Parte Quayle*, 25 USPQ 74, 453 O.G. 213 (Comm'r Pat. 1935). Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, prosecution in this application has been reopened pursuant to 37 CFR 1.114. Applicant's submission filed on November 3, 2004 has been entered.

Information Disclosure Statement

2. The information disclosure statement (IDS) submitted on December 15, 2004 was noted and the submission is in compliance with the provisions of 37 CFR 1.97. Accordingly, the examiner has considered the information disclosure statement.

Statement of Reasons for Allowance

3. The following is an examiner's statement of reasons for allowance:
The claims are allowable over the cited prior art because the prior art does not teach, disclose nor make obvious a carrier in which one or more biguanide agents have been immobilized, wherein the carriers are selected from membranes, fibrous, granular

shaped, porous, etc. It is also not taught a peritoneal dialysate solution comprising one or more biguanide agents or removing carbonyl compounds comprising using an immobilized biguanide agent from a body fluid selected from blood, blood plasma, etc. The closest prior art teaches using tablets, bentonite, silica, etc. as carriers of the immobilized biguanide agent.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Drawings

4. New corrected drawings are required in this application because they are informal. Applicant is advised to employ the services of a competent patent draftsman outside the Office, as the U.S. Patent and Trademark Office no longer prepares new drawings. The corrected drawings are required in reply to the Office action to avoid abandonment of the application. The requirement for corrected drawings will not be held in abeyance.

Conclusion

5. Claims 7, 9, 12, 15 and 16-38 are allowed.
